

## ESPERANZA UNIVERSAL — INSTITUTE OVERVIEW

**Esperanza Universal**  
Atty., M.S.W., Msc

Esperanza is the Co-Creator and CEO of the Systems of Universal Law Institute or the S.O.U.L. Institute, Inc. based in San Diego, CA. In operation for over 15 years, the S.O.U.L. Institute is a Spiritual Educational Program that teaches you how to Know, Love, and Free yourself from the prisons you have created in various areas of your life.

Esperanza considers herself a Co-Creator since much of the teachings came through meditation and prayer, as well as from her studies while in search of Spirituality. She first began to use these Universal teachings in her practice of law, as she was an attorney when she first realized these Truths. Esperanza now teaches Spiritual or Universal Laws.

S.O.U.L. Institute programs are Spiritually based, focusing on the Heart, Soul, and Spirit of individuals, groups, and businesses. They also address the Universal Mind. Participants have the opportunity to become very clear about the life they have created unconsciously, so they may consciously choose to create the life they truly desire.

By addressing the most common issues and questions that apply to people's lives, Esperanza is able to guide each person present to see what is truly in their way. They will get a clear picture of belief systems or old tapes they have adopted that no longer serve them. They will be able to see clearly their issues on a soul level. Then with this knowledge and Esperanza's expert guidance, participants are reminded they have all the answers inside of them. They need only remember. The S.O.U.L. Institute programs offer the full experience of this remembering along with simple, practical and truly powerful tools to do just that.

Esperanza, through S.O.U.L., has taught Unconditional Love and Individual Freedom to multitudes throughout the world and from many walks of life. S.O.U.L. serves youth, adults, singles, couples, parents, families, groups, businesses, and corporations. Customized healing and transformational sessions are also offered through phone and in-person.

The S.O.U.L. Institute is committed and devoted to the soul's evolution. S.O.U.L.'s Vision is that all those they touch step into their own wisdom, and realize the Love, Joy, Peace, Freedom, and Abundance that is their True Essence. S.O.U.L.'s Desire is that all participants who come through their doors live these truths, healing themselves, others and the whole world.

S.O.U.L.'s Mission dictates that, as we consciously choose the higher vibrations of being, we transform ourselves and all that is around us. S.O.U.L.'s Knowing is that all of life longs for the remembrance of this Divine Union – our union with each other, and our union with God.
